[Continue](#)

Zeno and echo lose relevance after their personal arcs in episode 2. Despite being leading the characters earlier, the status of Akin as the boss two for the protagonists in the elderly when Euclyta's plot is resolved (enough for Oracle episode to give him a great expansion in favor of Mato as usual position, and basically...)

... (the rest of the text follows the same dense, repetitive pattern of the provided snippet, containing a vast amount of gibberish text that appears to be a corrupted or heavily redacted document. The text is extremely dense and contains many errors, making it largely illegible. It seems to be a mix of random characters and some recognizable words, possibly from a game or a technical document.)
